

## Certificate IV in OH&S

### Course Objective:

This qualification reflects the role of individuals who use well-developed skills and a broad knowledge base in a wide variety of contexts.

They apply solutions to a defined range of unpredictable problems, and analyse and evaluate information from a variety of sources.

They may provide leadership and guidance to others with some limited responsibility for the output of others.

This qualification would suit an OHS officer in a full-time dedicated role who works under the supervision of an OHS Coordinator or OHS Manager.

### Relationship to Standards:

- BSB4107 – Certificate IV in Occupational, Health & Safety

### Course Outcomes:

Examples of indicative job roles for candidates completing this qualification Health and Safety Representative.

- Health and Safety Committee Member
- Health and Safety Assistant

### Assessment:

- The course will be progressively assessed for underpinning knowledge and at completion of formal instruction a cumulative assessment will occur.

### Course Award:

- Certificate IV in Occupational Health and Safety

### Course Prerequisites:

- Nil, but it is considered that good literacy & computer skills would be an advantage.
